Subject: Re: Permit Update

Hi John, hope you are well. I'm out of town this week on vacation. If you & Blake would like to meet with the team in person, please work with Douglas to see if you can get something set up. Or we could do a conference call next week some time; I'm back in the office on Tuesday, 8/1.

Thanks!
D

Darcy,

We would like to set up a meeting to discuss permit status. Blake is in Denver all this week.

I would suggest that it is preferable that we meet with you and staff at Region 8 offices, though if this is not possible a conference call will work.

We would like to understand, as best as possible, the timing and steps necessary going forward for EPA to complete final permits.

Would there be a good time to meet? For us either Thursday or Friday would be best.

Sincerely,

John
